benefitting The Hole in the Wall Gang Camp

We promise a fantastic time with great food before, during and after golf; a beautiful setting, and activities for non-golfers as well! Even if you can't join us during the day, you can come for dinner and participate in our raffle/auction in the evening.

Founded by Paul Newman, The Hole in the Wall Gang Camp provides "a different kind of healing" by creating fun and friendship for more than 25,000 seriously ill children and family members annually – all completely free of charge. Watch this short trailer to get the "hole" story: <http://www.holeinthewallgang.org/news/camp-promotional-trailer-the-hole-story/>.

The Golf Committee is working on the details to ensure a wonderful experience. All you need to do is schedule a day out of the office. We're confident that you'll be glad you did!
